| Restrictive Use | This product is intended for the integration into end-user equipment. All the required procedures for UKCA marking of end-user equipment should be followed. |

The object of the declaration described above is in conformity with the relevant UK legislation

S.I. 2016 No. 1101 (*The Electrical Equipment (Safety) Regulations 2016*)

S.I. 2012 No. 3032 (*The Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment Regulations 2012*)

S.I. 2016 No. 1091 (*Electromagnetic Compatibility Regulations 2016*)

Product conforms to the essential requirements of S.I. 2016 No. 1101 (*The Electrical Equipment (Safety) Regulations 2016*), based on the following specifications applied:

|                                                                            |
|----------------------------------------------------------------------------|
| EU Harmonized Standards                                                    |
| <ul style="list-style-type: none"> <li>EN 62368-1:2014+A11:2017</li> </ul> |

The following Notified Body has issued a positive Statement of Opinion for the essential requirements of S.I. 2016 No. 1101 (*The Electrical Equipment (Safety) Regulations 2016*)

| Name and Address of NB                                                         | Identification of NB letter of Opinion |
|--------------------------------------------------------------------------------|----------------------------------------|
| TÜV Rheinland LGA Products GmbH<br>Tillystraße 2, D-90431 Nürnberg,<br>Germany | TUV License No.: R 50476561            |

Product indicated conforms to the essential requirements of the S.I. 2012 No. 3032 (*The Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment Regulations 2012*) are based on the following harmonized standard and RoHS exemptions:

| EU Harmonized Standards |
|-------------------------|
| EN 63000:2018           |

| Exemptions: |                                                                                                                                                                                          |
|-------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 7a          | Lead in high melting temperature type solders (i.e. lead based alloys containing 85% by weight or more lead)                                                                             |
| 7cI         | Electrical and electronic components containing lead in glass or ceramic other than dielectric ceramic in capacitors, e.g. piezoelectric devices, or in glass or ceramic matrix compound |

The equipment listed above conforms to the essential requirements and provisions of S.I. 2016 No. 1091 (Electromagnetic Compatibility Regulations 2016) EMC.

| EU Harmonized Standards                                                                                                                                         |
